

# Exhibit J

1 guy. He's just a -- He's really -- I mean,  
2 it's stressing him, too.

3 A. Will they take the truck back?

4 Q. Well, no. They will not take the  
5 truck back. So that was the thing that Dick  
6 was telling me during our conversation, that  
7 we needed to move the truck. And instead of  
8 calling me and saying, Charlie, we may have a  
9 guy that will take the truck, they don't call  
10 me, they call Chad. I think it was a young  
11 lady by the name of Carol or something like  
12 that. And they ask Chad could they move the  
13 truck.

14 Well, you know, I put my John Henry  
15 all over this truck. I obligated myself to  
16 38 --

17 (End of side A of the tape. Side A  
18 stopped. Tape cut off. Side B continued as  
19 follows:)

20 A. (Unintelligible.)

21 Q. And it got down to even Kent calling  
22 me and saying, Charlie -- and I didn't even  
23 know what he was talking about, to be honest

1 with you, Omar. He said, do you want a  
2 one-year or two-year contract?

3 I said, well, I don't plan on going  
4 anywhere. I said, give me a contract as long  
5 as Fed Ex will allow you to have it.

6 He said, well, that's two years. He  
7 said, well, I'm going to go ahead and sign  
8 you up for two years.

9 It's like a bunch of crap, Omar. You  
10 know? And, I mean, some of the guys --

11 A. And I do -- I don't know anything I  
12 can do than to call -- I can just call Kent  
13 and see if he knows anything. I don't know.

14 Q. I know Kent -- Kent is -- I think  
15 he's got his butt in hot water. I really do  
16 think he's got his butt in hot water. And  
17 I -- I'm at a point to where I just need -- I  
18 need some answers and -- Because to be honest  
19 with you, Omar, I'm going to have to do  
20 something. It's just -- Hell, man, I don't  
21 know what to do. I really don't know what to  
22 do.

23 I do know that I've got a truck

1 telling me that he had spoke to Kent and as  
2 soon as they -- Fed Ex gave him the approval  
3 number, that he was going to e-mail Chad.  
4 And Chad said he would let me know, you know,  
5 as soon as he got the number and then would  
6 release the papers and I would still have to  
7 do some things.

8 But anyways, Chad gave me a call. And he  
9 told me that the number had come through on  
10 the e-mail to Kent at the terminal in  
11 Montgomery. And, man, that was it; I knew I  
12 was on my way. And that he would be sending  
13 me the -- since everything had been approved,  
14 he would be sending me the paperwork to  
15 overnight it to me to have -- sign it, have  
16 it notarized, and -- you know, to be able to  
17 release the van and do what you have got to  
18 do.

19 So in the meantime, Kent called me at  
20 home and -- one evening and he asked me --  
21 and I -- I didn't even really understand what  
22 he was talking about, because I had never  
23 heard this conversation before. But he asked

1        me how long did I want my contract to be, one  
2        year or two years.

3            I told him, well, hey, you know, may as  
4        well go two years because I didn't plan on  
5        going anywhere. You know, I wanted the -- I  
6        was there to do the job.

7            He said, okay, he was going to go ahead  
8        and put me down for a two-year contract.

9            I said, that's fine, you know, that's  
10        great. I told him that I would be getting my  
11        papers on my van and I needed to come in and  
12        do the insurance because I had to show where  
13        I had taken out insurance, and I have to come  
14        to the terminal to do it. So he said that  
15        would be no problem.

16           So I got my paperwork the next day. I  
17        went in. I called him. And I'm not sure I  
18        went that day or it was the next, but it was  
19        real close. And we got together went online,  
20        and I completed my insurance coverage on the  
21        van. I put in my truck number, my ID number,  
22        the -- you know, the whole nine yards, and  
23        got all my insurance approved and so my truck
